Product Description

Mindray portable original ultrasound system M7

Mindray M7 Ultrasound Machine Features

The refurbished Mindray M7 is one of the better mid-range portable ultrasound machines due to its very good penetration and color Doppler for vascular and general imaging. The M7 has solid image quality with its 15-inch high resolution TFT LCD with a 170-degree viewing angle.

Important key features for the Mindray M7 portable ultrasound machine:

- Octal-beam imaging technology
- Tissue harmonic imaging
- iZoom for increased imaging accuracy
- Tissue Doppler imaging (TDI)
- Real-time 3D imaging
- iClear speckle suppression
- iBeam spatial compounding
- iScape panoramic imaging

As a shared-service system, the Mindray M7 is very versatile and covers a wide range of clinical needs such as:

Vascular
Cardiac
OB/GYN
Abdomen
Venous (ablation, mapping)
MSK and Orthopedic
Mobile Ultrasound
Regional Anesthesia
Pain Management
Small Parts

This portable ultrasound machine also features technology that is suitable for cardiac applications, though it is less common.
