

ATL HD11XE Control Panel Ultrasound Interface Board Eclipse 453563495543 453563495544

Our Product Introduction

for more products please visit us on 3dultrasoundprobe.com

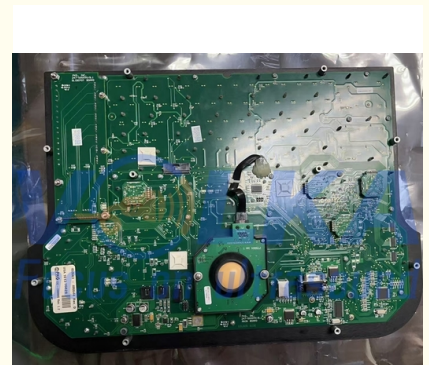

Basic Information

- Brand Name: Philips
- Model Number: 453563495544
- Minimum Order Quantity: 1pc
- Price: negotiable
- Packaging Details: carton
- Delivery Time: 3-5 days
- Payment Terms: T/T, Western Union
- Supply Ability: 10-30pcs/month

Product Specification

- Warranty: 60 Days
- Lead Time: 3-5 Working Days
- Service: Outright/Exchange
- Shipping Method: Express, or As Clients Required
- Highlight: 453563495544 Ultrasound Interface Board,
ATL HD11XE Ultrasound Interface Board,
Eclipse 453563495543 Ultrasound Interface Board

Product Description

ATL HD11XE Control Panel Ultrasound Interface Board 453563495543 453563495544 453563495542

Part Number: 453563495544

Part Name: Control Panel Assembly,Eclipse

Manufacturer: ATL

Compatible system:

Specifications: Standard specifications for industrial applications.

Description: This part, manufactured by ATL, is identified by the part number 453563495544 and named Control Panel Assembly,Eclipse. It is designed to meet the high standards of performance and reliability expected in modern applications. This part is designed to meet the high standards of performance and reliability expected in modern applications. It provides durability and efficiency, making it a reliable choice for various industrial needs.

SIEMENS ACUSON Sequoia Ultrasound System

Premium system for General Imaging and Interventional Radiology.

The original ACUSON Sequoia™ is arguably the most popular ultrasound system we have ever created. In image quality,

color sensitivity and advanced imaging modes, ACUSON Sequoia was - and still is an industry benchmark. The new ACUSON Sequoia is a remarkable evolution of a product that was so right in so many ways.

Benefits

Taking imaging to higher grounds

Unique and patented technologies were developed that allow ACUSON Sequoia to virtually eliminate color flash artifacts and penetrate deeper than conventional ultrasound systems.

Personalize when it matters

With the new ACUSON Sequoia, the view time of contrast agents is significantly longer, allowing clinicians more time to scan for additional incidental lesions during their examinations and with up to twice the sensitivity.

System designed by users, for users

In an effort to eliminate variability, we hosted 170 workshops with 365 ultrasound users worldwide to create an ultrasound system designed by the user for the user.

New BioAcoustic™ Imaging Technology

With ACUSON Sequoia, each individual component is assembled to enable the system to accurately track the ultrasound signal throughout the signal path.

Application

Abdominal

OB-GYN

Musculoskeletal

Cardiac

Vascular

Urology

Small parts (Breast, Testis, Thyroid)

Technical Specifications

System Dimensions: 175 X 60 X 108 cm

Touch Screen: 15.6" Touch Display

Wireless Capability: Yes

FAQ:

Q: What is the MOQ?

A: 1pc.

Q: How about your delivery time?

A: 1~15 days depends on your order quantity.

Q: What is your terms of delivery?

A: DHL,TNT, EMS,UPS,FedEx,also can use customer's freight forwarder.

Q: What is your terms of payment?

A: Western union, T/T in advance.

Q: Do you test all your goods before delivery?

A: Yes, we have 100% tested our goods before delivery.

Q: What is your Service & Return policy?

A: If the probe is not compatible with your machine or there are any quality problem within 7 days after receiving the goods, please feel free to contact us. We will send a replacement probe or refund the payment to you.
